

Tar Heel Trading Company, LLC (TTC,llc) has established a comprehensive privacy program, including a global chief privacy officer, designed to help us respect and protect your data privacy rights. This statement includes both European Union (EU) US Safe Harbor Privacy Statement and TTC,llc's Websites Privacy Statement.

### **U.S. - EU Safe Harbor Privacy Statement**

For personal information of employees, consumers, healthcare professionals, medical research subjects and investigators, customers, investors, and government officials that TTC,llc receives from the European Economic Area, TTC,llc has committed to handling such personal information in accordance with the Safe Harbor Principles. TTC,llc's Safe Harbor certification can be found at <http://web.ita.doc.gov/safeharbor/shlist.nsf/webPages/safe+harbor+list>. For more information about the Safe Harbor Principles, please visit the U.S. Department of Commerce's Website at [http://www.export.gov/safeharbor/sh\\_overview.html](http://www.export.gov/safeharbor/sh_overview.html).

### **TTC,llc Website Privacy Statement**

TTC,llc respects the privacy of visitors to its websites, as a result, we have developed this website privacy policy. This website privacy policy applies to the operation of websites <http://www.ttc-llc.com>, <http://www.grantplan.com>, <https://sponsor.grantplan.com> and <https://inv.grantplan.com/>.

Through our websites TTC,llc will collect information that can identify you, such as your name, company, login details, and other similar information. We will use this information to better understand your needs and how we can improve our websites, products and services.

Any other information transferred by you in connection with your visit to our websites (information that cannot be used to identify you) may be included in databases owned and maintained by TTC,llc. We retain all rights to these databases and the information contained in them. Other Information we collect may include your IP Address and other information gathered through our cookies (see below).

Our websites may use a technology called a "cookie". A cookie is a piece of information that our webserver sends to your computer (actually to your browser file) when you access a website. Then when you come back our site will detect whether you have one of our cookies on your computer. Our cookies help provide additional functionality to the site and help us analyze site usage more accurately. For instance, our site may set a cookie on your browser that keeps you from needing to remember and then enter a password more than once during a visit to the site.

TTC,llc's websites uses Internet Protocol (IP) Addresses. An IP Address is a number assigned to your computer by your Internet service provider so you can access the Internet. Generally, an IP address changes each time you connect to the Internet (it is a "dynamic" address). Note, however, that if you have a broadband connection, depending on your individual circumstance, it is possible that your IP Address that we collect, or even perhaps a cookie we use, may contain information that could be deemed identifiable. This is because with some broadband connections your IP Address doesn't change (it is "static") and could be associated with your personal computer. We use your IP address to report information on use and to help improve our websites.

You should be aware that this site is not intended for, or designed to attract, individuals under the age of 18. We do not collect personally identifiable information from any person we actually know is an individual under the age of 18.

Areas of this website that collect Your Information use industry standard secure socket layer encryption (SSL); however, to take advantage of this your browser must support encryption protection (found in Internet Explorer release 3.0 and above).

TTC,llc reserves the right to share Your Information to respond to duly authorized information requests of governmental authorities or where required by law. In exceptionally rare circumstances where national, state or company security is at issue (such as with the World Trade Center terrorist act in September, 2001), TTC,llc reserves the right to share our entire database of visitors and customers with appropriate governmental authorities.

We may also provide Your Information to a third party in connection with the sale, assignment, or other transfer of the business of this website to which the information relates, in which case we will require any such buyer to agree to treat Your Information in accordance with this Privacy Policy.

We may update this Website Privacy Policy from time to time. When we do update it, for your convenience, we will make the updated policy available on this page.
